THE VINYL STOEP

Kasi Soul • Vintage Sound • Timeless Grooves

PROPOSAL

A Vintage South African Record Store

A home for vinyl lovers, collectors and music enthusiasts,
celebrating South African music heritage and the timeless experience of vinyl.

Organisation	The Vinyl Stoep
Theme	Vintage, South African, Ekasi

"Where the Kasi Keeps Spinning."

2019

1. Organization Overview

1.1 Name
The Vinyl Stoep

1.2 Brief History
The Vinyl Stoep is a fictional independent South African record store established in 2019 in Johannesburg. Inspired by South Africa's rich musical heritage, the store specializes in new and pre-owned vinyl records, CDs, turntables, and music memorabilia. It also promotes local artists by stocking South African jazz, kwaito, amapiano, gospel, rock, and Afro-pop records alongside international classics. The business aims to preserve the culture of vinyl collecting while introducing younger generations to analogue music.

1.3 Mission Statement
To preserve and celebrate the culture of vinyl records by offering quality music collections, supporting South African artists, and international artists by creating an enjoyable shopping experience for music lovers.

1.4 Vision Statement
To become South Africa's leading destination for vintage records and music culture, connecting generations through timeless music.

1.5 Target Audience
Vinyl collectors

Music enthusiasts aged 18–60

South African and international tourists

DJs and musicians

Collectors of vintage music memorabilia

2. Website Goals and Objectives

2.1 Goals
Increase sales of vinyl records.

Promote South African artists and music collections.

Build customer loyalty through user accounts.

Expand the business globally.

Sell Vinyl records

2.2 Key Performance Indicators (KPIs)

KPI	Target
Monthly website visitors	30,000 within six months
Sales	30% increase in first year
Customer satisfaction	Above 90%

3. Current Website Analysis

3.1 Current Website

None

3.2 Weaknesses

Customers cannot browse inventory online.

Limited customer reach.

No online ordering or payment system.

3.3 Areas for Improvement

Develop a responsive website.

Add an online shopping system.

Improve accessibility across all devices.

Include secure payment options.

Optimize the website for search engines.

4. Proposed Website Features and Functionality

4.1 Pages

Home

About Us

Gallery
